

Article 7 – Site and Project Plan, Special Exceptions, Nonconformity Alterations and Other Permits / Approvals

25.07.01 – Site and Project Plan Approval Required

a. Site Plan Approval

1. *General Requirement* – A site plan application, where required by this Chapter, must be approved before any building, other structure, or land may be:
 - (a) Used;
 - (b) Constructed;
 - (c) Converted, wholly or in part, to any other use; or
 - (d) Structurally changed.
2. *Exceptions* – A site plan approval is not required for:
 - (a) Single unit detached or semi-detached residential dwellings and related accessory uses; or
 - (b) Uses allowed by temporary use permit issued by the Chief of Inspection Services.
3. *Required Findings* – A site plan application, where required in accordance with this Chapter, may be approved only if the applicable Approving Authority finds that approval of the application will not:
 - (a) Adversely affect the health or safety of persons residing or working in the neighborhood of the proposed development; or
 - (b) Be detrimental to the public welfare or injurious to property or improvements in the neighborhood; or
 - (c) Overburden existing and programmed public facilities as set forth in Article 20 of this Chapter and as provided in the adopted Adequate Public Facilities Standards; or
 - (d) Constitute a violation of any provision of this Chapter or other applicable law.

b. *Project Plan Approval*

1. *General Requirement* – A project plan application, where required in accordance with this Chapter, must be approved before any building, other structure, or land may be:
 - (a) Used;
 - (b) Constructed;
 - (c) Converted, wholly or in part, to any other use; or
 - (d) Structurally changed.
2. *Required Findings* – A project plan application, where required in accordance with this Chapter, may be approved only if the Mayor and Council finds that approval of the application will not:
 - (a) Adversely affect the health or safety of persons residing or working in the neighborhood of the proposed use; or
 - (b) Be detrimental to the public welfare or injurious to property or improvements in the neighborhood; or
 - (c) Overburden existing and programmed public facilities as set forth in Article 20 of this Chapter and as provided in the adopted Adequate Public Facilities Standards; or
 - (d) Constitute a violation of any provision of this Code or other applicable law.

c. *Special Exceptions*

1. *General requirement* – a special exception, where required in accordance with this Chapter, must be approved before any building, other structure or land may be:
 - (a) Used;
 - (b) Constructed;
 - (c) Converted, wholly or in part, to any other use; or
 - (d) Structurally changed.

2. *Findings* – The Board of Appeals must not grant any petition for a special exception unless it finds from a preponderance of the evidence of record that all of the following requirements have been met:
 - (a) The proposed use does not violate or adversely affect the Plan, this Chapter or any other applicable law.
 - (b) The proposed use at the location selected will not:
 - (i) Adversely affect the health and safety of residents or workers in the area;
 - (ii) Overburden existing and programmed public facilities as provided in this Chapter and in the adopted Adequate Public Facilities standards;
 - (iii) Overburden existing and programmed storm drainage and other public improvements;
 - (iv) Be detrimental to the use or development of adjacent properties or the neighborhood; and/or
 - (v) Change the character of the neighborhood in which the use is proposed considering service currently required, population density, character, and number of similar uses.
 - (c) The proposed use complies with all other applicable requirements of this Chapter including the purposes of this Chapter set forth in Section 25.01.02.
- d. *Relation to Building Permit* – No building permit may be issued or approved until a site plan, project plan or special exception, if required, has been approved.

25.07.02 – Review Procedure For Site Plans, Project Plans, and Special Exceptions

- a. *Application* – Applications for site plans and project plans must be submitted in accordance with the provisions of Section 25.05.02. In all cases, the applicant is encouraged or required to conduct a pre-application meeting with residents of the neighborhood in which the project is proposed to outline the scope of the proposal. This is in addition to any pre-application transportation review that may be required by the Comprehensive Transportation Review.
- b. *Review Procedure, in general* – The review procedure for each application is based on a point system, provided in the chart below. Each application must be evaluated on the elements of the project, acreage of the site, the number of dwelling units proposed, the square footage of non-residential space, and the

number of phases of development proposed. Each of these items is allocated a number of points which are added together to determine the complete point valuation for the project. If the Chief of Planning determines that the project may have ramifications beyond the calculated point total, the Chief of Planning is authorized to move the project up one level in the review process.

Points Elements	1	2	3	4	Points
Tract size - Acres	1 or fewer	1.1 to 2.5	2.6 to 5	5.1 or greater	—
Dwelling Units	5 or fewer	6 to 50	51 to 150	151 or greater	—
Square Footage of Non-Residential Space	5,000 or fewer square feet	5,001 to 10,000 square feet	10,001 to 50,000 square feet	50,001 or greater square feet	—
Residential Area Impact	No residential development in a residential zone within ¼ mile	35% of area within ¼ mile of the project area is comprised of single-unit detached residential units	65% of area within ¼ mile of the project area is comprised of single-unit detached residential units	Development is within single-unit detached unit area.	—
Traffic Impact – Net new peak hour trips	Less than 30 trips	30 – 74 trips	75 – 149 trips	150 or more trips	—
Points Total					The total of the points determine the level of notification.

c. Site Plan Level of Review

1. *Level 1 – Site Plan Review:* If the elements of the proposed project total 6 points or fewer, as determined in Section 25.07.02.b above, the Chief of Planning will complete the site plan review in accordance with Sections 25.07.01.a.3 and 25.07.03.
2. *Level 2 – Site Plan Review:* If the elements of the proposed project total 7 to 9 points, the Chief of Planning will complete a preliminary review and the Planning Commission will complete a final review of the site plan in accordance with Sections 25.07.01.a.3 and 25.07.04.

3. *Level 3 – Site Plan Review*: If the elements of the proposed project total 10 to 12 points, the Planning Commission will complete a preliminary review and a final review of the site plan in accordance with Sections 25.07.01.a and 25.07.05.
- d. *Project Plan Review* – If the elements of the proposed project total 13 or more points the development is subject to Project Plan review. The Mayor and Council and Planning Commission will jointly conduct an initial review of the plan application, the Planning Commission will perform a preliminary review, and the Mayor and Council will then complete a final review of the plan in accordance with Sections 25.07.01.b and 25.07.06. The Planning Commission will thereafter review subsequent site plans in accordance with the level 2 site plan review procedures under Section 25.07.04 below.
- e. *Special Exception Review* – Regardless of the total number of points as determined in Section 25.07.02.b above the Board of Appeals will review and grant special exceptions in accordance with Section 25.07.07. After the Board of Appeals grants the special exception the Planning Commission must approve a site plan in accordance with the provisions of this article.

25.07.03 – Level 1 Site Plan Review

An application for a site plan review with a total of 6 points or fewer, as determined in Section 25.07.02.b above, is subject to the following provisions:
